Terms and Conditions

1. We shall supply, install & commission the Elevator/s as per the technical specifications mentioned in our proposal. If any drawings, illustrations are furnished with our proposal, they are general in nature and not specific to your job/ building. The layout drawing/s submitted later after the award of contract would contain all the specifications/ illustrations specific to your Lift and building. These layout drawings are submitted to you for your checking and approval. Any change in drawings / specifications or dimensions after the approval of drawings would be carried out at extra cost.
2. This proposal together with terms & condition shall constitute the contract between us and all prior proposals, quotations, agreements and understanding not incorporated herein are superseded
This proposal would be effective as contract between us only after signing by our authorized person & credit of advance payment in ANGEL ELEVATORS & ESCALATORS Bank account.
3. The agreed contract price shall be valid for a period of 6 months from date of award of contract. If the contract period were extended beyond 6 months, then a mutually agreeable price increase would be payable extra by you.
4. You would provide proper & uninterrupted power supply and double earthing as required on time. If the power supply is not available by the required date, your lift handover date is extended
5. Delay resulting from any cause including but not limited to embargoes, acts of Government, strike, lockout, fire, accident, flood, earth quake, war, delay in supplies of any material due to any or all of the above reasons shall extend the time of completion of work. This contract also does not include of any liability for loss and consequential damages under any circumstances.
6. The work would be performed during our normal working days and hours.
7. If the materials supplied by us, weather installed or not, are required to be reconditioned / replaced at a later date due to any deterioration / damages on account of non availability of power supply or other incomplete work by you or force majeure conditions, the additional cost would be payable extra by you.
8. You would provide us with in 2 weeks from the date of award, all required data for the performance of this contract.
9. We shall provide all assistance in getting the Lift/s inspected by lift inspector. However, pay (By **ANGEL ELEVATORS & ESCALATORS**) all license fees and expenses as required for the installation or inspection of the Lift /s.
10. If during the inspection of site, we observe that there is delay in completion of the Lift pit, Lift shaft and machine room or availability of power supply or any other civil or structure work, we may at our option delay final assembly of materials and shipment of material to site. A fresh date of completion would be established in such an event.
11. The title of Lifts/s would be passed to you only after the credit of all the full & final payment in **ANGEL ELEVATORS & ESCALATORS** bank account. Until then all the material supplied are and shall remain our property.
12. We warrant the Lift/s supplied to be free from defect in material and working. The warranty and free maintenance period would start from the date of issue of warranty Certificate by us.
13. During the Free maintenance period, we would correct and make good any defects due to normal wear and tear. This include examine the Lift equipment, cleaning and adjustment of the various components, parts with in the limit of site adjustments, oiling and greasing those parts which require lubrication. This service would be provided as per our standard maintenance proposal.

14. *Any part which is replaced by us under the warranty and free maintenance service shall be retained by us.*
15. *This warranty and free maintenance does not include renewals or repairs necessitated by any deterioration / damages due to prolonged non-usage of Lifts/s or reason of negligence ,misuse mishandling , overloading, failure of electrical supply, failure of main switch, failure of earthing ,water, rain water , vermin, and\or any other cause beyond normal use . Such renewals and repair shall be carried out on extra chargeable basis.*
16. *This warranty and free maintenance service shall stand terminated if the lift is transferred to any other party or not used for prolonged period due to non availability in power supply or delay in building completion or any other reasons.*
17. *The warranty shall not be applicable on parts & components such as Main switch, MCB/S, Tube Lights, Chock, Fan, batteries, mirrors/glass .*
